Skip and Easter Seals Wisconsin

In 2001, Skip joined the Easter Seals Wisconsin Board of Directors, where he served on the Program and Nominating committees. He also served as a volunteer fundraiser and helped to coordinate the successful Wausau Raffle & Dance.

While Skip supported all of Easter Seals Wisconsin programs, he was particularly passionate about Easter Seals' nationally-honored FARM Program. The FARM Program helps farmers continue to farm after a disabling accident or illness. Rural Rehabilitation Specialists offer suggestions addressing the needs of the individual which may include alternative methods of doing chores, and making changes to the farm operation and/or to farm equipment. When the program was in its infancy, Skip offered valuable guidance to the FARM staff, and his enthusiasm and ongoing support of the program never faltered.

In 2009, Skip was instrumental in establishing the first Easter Seals golf outing in central Wisconsin, an outing that helped support the FARM Program. The outing, renamed after Skip's death in 2013, will continue to honor Skip's legacy and benefit the FARM Program in which he so fervently believed.
